Van W. Riley, Ph.D., Superintendent of Schools

September 2, 2009

Dear Parents/Guardians of Students in Huntington Beach Union High School District:

The No Child Left Behind (NCLB) Act of 2001 requires all states to create their own high academic standards for what a child should know and be able to do for all grades in English-language arts and mathematics. Every school must improve each year until all students meet these standards. This yearly improvement in school performance, which includes the academic standards and other components, is called Adequate Yearly Progress (AYP).

NCLB also requires the California Department of Education to annually review the performance of each local educational agency (LEA) that receives funds under NCLB, Title I, Part A. An LEA can be a school district or a county office of education. An LEA receiving Title I, Part A, funds is identified as a Program Improvement LEA if it does not meet AYP goals for two consecutive years within specific areas, focused primarily on academic achievement in English-language arts and mathematics.

NCLB requires the California Department of Education to inform parents/guardians of students about LEA performance. Huntington Beach Union High School District has been identified as a Program Improvement LEA. You can find specific achievement data used to make this decision at www.hbuhd.org. If you do not have access to the Internet, please contact Marlene Kline in the district office at 714-903-7000x4450, and a hard copy of the report will be provided.

As a Program Improvement LEA, our district must:

- Revise our LEA Plan. We must consult with parents and school staff when revising this Plan, which explains how we will use Title I and other funds to improve student achievement.
- Reserve at least ten percent of our annual Title I allocation to provide professional development for teachers and administrators.
- Provide assistance to schools should they be identified for Program Improvement.

How can parents help their school and local educational agency improve?

Here are some suggestions to help you work with your school and LEA to support improvements:

- Learn more about the new NCLB requirements and become aware of strategies to improve student academic achievement. Additional information and resources are available at the following Web sites:
 - o The California Department of Education
<http://www.cde.ca.gov/sp/sw/t1/titleparta.asp> and <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>
 - o The U.S. Department of Education
<http://www.ed.gov> and <http://www.ed.gov/parents/landing.jhtml>
- Talk with LEA staff about the LEA Plan and the program changes that must be made to help students meet the state standards in reading and mathematics.
- Visit your child's school. You also may participate in voluntary activities to assist your school.

I encourage you to contact Connie Mayhugh at 714-903-7000 x4420 for further information about any of these requirements and to find out how you can become involved in Program Improvement efforts.

Sincerely,

Van Riley, Ph.D.
